by Pivotal Health Solutions

NEW 2014 Moving Innovation Forward

TradeFlex Series

Built To Be The Industry's Best.

Starting at \$2,815

The TradeFlex table allows the Dr. to perform optimum correction of spinal subluxations or disc problems, yet can still function as an exam, adjusting, or therapy table. This versatility will save the Doctor time and money. This workhorse table is also available with an electric flexion option that offers variable flexion speed and treatment timer.

ERGOSTYLE FX

Long Axis Distraction With Manual or Auto Flexion

Starting at \$7,158 - Page 6

Long axis distraction – administered via hand controller, this feature allows the doctor to administer long axis distracting of the pelvic section up to 5".

HTG 100P

Three Drop Adjustment Table

Starting at \$1,425 - Page 9

Your new HTG 100P table has been designed and engineered to comply with the rigid standards of practitioners and is designed to provide you with years of service. The HTG 100P comes with many standard features, five heights and a 450 lb weight capacity.

Apollo 2,000 mW Cold Laser

A Small Powerful Hand Held Laser

Starting at \$3,999 - Page 14-15

Small, lightweight unit fits in the palm of your hand. Simple on and off button, no programming necessary. Includes: unit docking station, carry case, 2 safety goggles and everything you and your patient need for a successful treatment.

The All New TradeFlex Series

Built To Be The Industry's Best

TradeFlex - E9017 Elevating Manual Flexion Table

Starting at \$2,815

TradeFlex - E9018 Elevating Auto Flexion Table

Starting at \$5,015

The TradeFlex Series features electric tension controls, optional cervical, thoracic, lumbar, and pelvic drops. Also the ability to perform figure 8 range of motion. The pelvic drop can be used in any position. Introducing optional Thoracic and Lumbar drops in a single chest cushion. P-A and lateral flexion can be locked in any position. The table also features a smooth range of +/- 15 degrees of lateral flexion and a flexion depth of 15 degrees to accommodate almost any angle of drive. A removable flexion control t-bar allows the doctor to move freely around the table which improves patient and doctor comfort. The TradeFlex table allows the Dr. to perform optimum correction of spinal subluxations or disc problems, yet can still function as an exam, adjusting, or therapy table. This versatility will save the doctor time and money. This workhorse table is also available with an electric flexion option that offers variable flexion speed and treatment timer.

- Extension / Flexion Headpiece
- Paper Roller, Cutter & Guide Bar
- 7.5" Ankle Extension
- Break-Away & Elevating Abdominal

The All New ErgoStyle™ ES2000 Gen II

World-class Patented DROPS, Upgradeable In The Field

ErgoStyle ES2000 - ES9300 Elevating Adjusting Treatment Table

Starting at \$4,034

ErgoStyle ES2000 - ES9320 Elevating Adjusting Treatment Table with 3 Auto-Cocking Drops

Starting at \$6,504

ErgoStyle™ ES2000 changes how all adjusting tables are viewed. The ES2000 is ergonomically designed to meet the physical needs of the clinician while providing patients with the highest level of comfort as they move from position to position. The modular design of the ES2000 allows for quick modifications and upgrades in the field. Upgrades can be added later as your techniques and practice grow.

ErgoStyle ES2000 Features

- Electric Elevation from 20" to 31" with single foot control and expanding covers over lifting mechanism
- Tilting headpiece with adjustable face cushions
- Stationary Chest
- Fixed Pelvic Section
- Dual Auto-Cocking Foot Control - Standard when Auto-Cocking Drops are ordered
- Single Foot Pedal Elevation 120V (Plastic)
- 23" width seamless cushions with multi-density foam
- Paper Roll Holder and Cutter
- Locking 6" Extending Ankle Rest
- Lifting Capacity: 400 lbs

Pelvic Options

- ES95009 - Elevating Pelvic Section w/single side control

Elevating Foot Control Options

- 95284 - Dual Foot Pedal Elevation (Plastic)

Upgrade To Auto-Cocking

- ES9320 - Elevating Table w/Auto-Cocking
The patented Accelerator III Auto-cocking drops include:
Thoracic, Lumbar and Pelvic Drops. (Patent# 7,381,214B1)
*Note: Air Compressor Sold Separately

Air Compressor

- E7069 - Super Silent 20 Amp Compression - 115V
- E7068 - Super Silent 20 Amp Compression - 230V

Headpiece Options

- ES95002 - Tilt, Forward Drop, Adjustable Face Cushions
- ES95003 - Tilt, Elevation, Adjustable Face Cushions
- ES95004 - Tilt, Elevation, Forward Drop, Toggle Drop, Adjustable Face Cushions

Chest Piece Options

- ES95005 - Breakaway, Elevating Chest, with dual side control

Drop Options

- ES58353 - Thoracic Drop
- ES58354 - Lumbar Drop
- ES58355 - Pelvic Drop

See our website for complete table details

Conforms To CAN/CSA C22.2 No. 601.1
IEC 60601-1-4 • IEC 60601-1 • UL STD 60601-1

“I appreciate the versatility of the ES2000. It descends low enough for side-posture manipulation and elevates high enough for other manual treatment and examination. Since clinic space is valuable, the versatility of the ES2000 allows me to perform a variety of manual treatments on one excellent piece of equipment.”

ErgoStyle FX Features

- Electric Elevation from 20" to 31" with single foot control and expanding covers over lifting mechanism
- Manual flexion/distraction with variable electric spring tension allows smooth, counterbalanced flexion, extension or circumduction with the touch of a finger (flexion 15°, extension 12°, side bending 40° total)
- Tilting headpiece with adjustable face cushions
- Modular design for future upgrades
- 23" width seamless cushions with multi-density foam
- Stationary Chest
- Single Elevation Foot Pedal (Plastic)
- Single Tension Foot Control - Manual Flexion Only (Plastic)
- Paper Roll Holder and Cutter
- Locking 8" Extending Ankle Rest with ankle cuffs
- Lifting Capacity: 400 lbs

See our website for complete table options available.

ErgoStyleTMHYLO

World-class Patented DROPS, Upgradeable In The Field

ErgoStyle HYLO - EH9510

Standard HYLO Table

Starting at \$8,497

ErgoStyle HYLO - EH9530

Auto-Cocking w/3 Drops Table

Starting at \$11,762

ErgoStyleTM HYLO is a revolutionary adjusting table with many standard features previously considered upgrades. Improved ergonomics include: bilateral control placement, powered front and pelvic sections, free falling AcceleratorTM III Drops, gas spring assist on headpieces, chest and pelvic cushions.

ErgoStyle HYLO
part number EH9510
shown with options

ErgoStyle HYLO Features

- Improved ergonomics that include bilateral control placement, handle design, free falling accelerating drops and gas spring assist on optional elevating head, chest, and pelvic sections.
- Constant flow components allow a constant tilt speed with Automatic Weight Compensation regardless of patient's weight and height
- Powered front and rear sections allow full power adjustment of table length
 - Powered chest extension: Extends 14.5"
 - Powered pelvic extension: Extends 14.5"
- Controlled safety system: 2 step tilt down control
- Patented AcceleratorTM III Manual Cocking Drops (Patent# 6,679,905)
- Fixed table height: 23.5"
- Table length adjustment: 54" - 83"
- Tilting mechanism: Gear drive hydraulics with a "soft stop" in the down position
- Tilting headpiece with adjustable face cushions
- Modular design for future upgrades
- 23" width seamless cushions with multi-density foam
- Stationary Chest
- Fixed Pelvic Section
- Single side controls to power chest and pelvic extension
- Single Foot Tilt Controls/Hylo (Plastic)
- Paper Roll Holder and Cutter
- Footplate: Foldaway
- Fixed Ankle Rest
- Lifting Capacity: 400 lbs

See our website for complete table options available.

DOC DECOMPRESSION

Has the ability to correctly position the patients in antalgic posture

DOC DECOMPRESSION - E9011-B

Targeting of Axial Rotation and Lateral Flexion

90 Days of FREE clinical support from consultant, Dr. Bryan Hawley

Starting at \$12,999

Take your Chiropractic practice to the next level with Pivotal Health Solutions DOC Decompression Table. The unique design of the new DOC table utilizes a state-of-the-art digital command center for specific vertebral targeting, separate lumbar and cervical decompression programming and continuous readout and graphing of treatment protocols. In addition, the digital command center also controls table elevation and rear flexion, all at the push of a button.

DOC Features

- Axial Rotation and Lateral Flexion can be done simply with the press of a button and manipulation of the guide bar at the rear of the pelvic section. The doctor or practitioner can move the flexing section to its proper position such as lateral flexion or axial rotation. This is unlike other units that have a direct and straight pull only. In addition, this system comes with P-A flexion capabilities.
- Digital Command Center which includes:
 - Specific vertebral targeting
 - Separate lumbar and cervical decompression programming
 - Continuous readout and graphing of treatment parameters
 - Interactive color display
- Lifting Capacity: 350 lbs
- Pre-programmed lumbar and cervical decompression protocols
- Cervical capture headpiece
- Customizable treatment protocols
- Traction belting system can enhance restraint for optimal decompression.
- Reference library - including patient setup and training materials
- User-defined treatment hold and relax times
- Speed Control
- Expanded customizable protocols
- Real-time digital treatment tracking
- Table elevation
- Comfort cushions

“My practice, treats exclusively acute and chronic disc pathology. We consider ourselves to be the best in the field at what we do, and our patients count on us to deliver results. That is why after looking at all other decompression tables we have chosen the DOC decompression table by Pivotal Health. Not only can we treat our patients supine or prone but also from various angles such as flexion, extension, lateral side bending, and even axial rotation!”

— Dr. Michael L. Hall, D.C.
Triangle Disc Care, Raleigh, NC

HTG DROP Bench

Built from solid hardwood and quality materials

HTG - HTG100 HTG Three Drop Bench

Starting at \$1,425

HTG - HTG200 HTG Roller Massage Bench

Starting at \$950

Your new HTG Series has been designed and engineered to comply with the rigid standards of practitioners. The HTG 100 bench and HTG 200 Roller Massage Bench come with many standard features. Your new bench is designed to provide you with years of service. With proper maintenance your bench should remain virtually trouble free.

HTG -100
shown with options

HTG -200
shown with options

HTG -100 Features

- Tilt headpiece - allows 30° of forward flexion and 30° of extension
- Five heights: 18", 20", 22", 24", 26"
- Cervical drop
- Pelvic drop
- Thoracic drop
- Drops are a full 0.75"
- Beautiful solid oak varnished legs
- Thoracic and lumbo-pelvic drop handles are on both sides of the table with the tension control on the left. The cervical drop handle and tension control is found on the right side of the headpiece.
- 2.5" firm foam on the main table body cushions, providing a very supportive adjusting surface. Headpiece cushions use 2.5" medium foam for patient comfort.
- Paper holder and cutter - accommodates standard 9" by 125' rolls
- Arm rests - 3.75" x 12". Arm rest foam is 1.5" firm foam
- Capacity: 450 lbs

HTG -200 Features

- 8 rollers on a 24" track
- Spring loaded carriage
- Built in foam pad
- Extra wide 24" table x 70" long
- Height available from 17" - 30"
- Face hole cutout
- 30 Minute timer
- Beautiful solid oak varnished legs
- Capacity: 400 lbs

See our website for complete table options available.

ErgoStyleTM Benches

Quality, Ergonomics, Performance. It's all in the family

EB9020
ErgoBench Fixed Top
Soft Foam

EB9000
ErgoBench Tilt Headpiece
Soft Foam

ErgoBench - EB9020/EB9030

Fixed Top - Soft Foam/Firm Foam

Starting at \$668

ErgoBench - EB9000/EB9010

Tilt Headpiece - Soft Foam/Firm Foam

Starting at \$778

The ErgoBench brings uncompromised stability and style to any office at an affordable price. It has an 18" to 24" height adjustment and features a unitized steel frame with a bottleneck shape, seamless cushions, multi-fit arm rests, and a paper roll holder and cutter. It is also available with a comfortable and easily adjustable tilt headpiece. Ships with unassembled legs. The ErgoBenches can be shipped completely assembled for an additional charge.

ErgoBench Features

- Unitized steel frame
- Seamless cushions
- Multi-fit arm rests
- Paper roll holder and cutter
- Bottleneck shape
- Available in soft or firm foam
- Height Range 18" - 24"
- Capacity: 350 lbs

EB9040
ErgoBasic Tilt Headpiece
Soft Foam

ErgoBasic - EB9040/EB9050

Tilt Headpiece - Soft Foam/Firm Foam

Starting at \$2,262

A critical mix of adjusting features that is praised by many practitioners. A tilt head and accelerator pelvic drop are standard features. Optional extras include an upgradeable headpiece, allowing operation of tilt, adjustable face opening, forward drop, elevation and toggle drop. See complete headpiece options below. Gas spring powered pelvic elevation is also an option, allowing you to effortlessly put patients into passive flexion. ErgoBasic is sleek, elegantly simple, yet affordable.

ErgoBasic Features

- Tilt headpiece
- AcceleratorTM III pelvic drop
- Paper roll holder and cutter
- Unitized steel frame
- Seamless cushions
- Available in soft or firm foam
- Shipped fully assembled
- Height Range 18" - 24"
- Capacity: 350 lbs

ErgoBasic Options

- ES95001 - Tilt headpiece with Adjustable Face Cushions
- ES95002 - Tilt headpiece w/Forward Drop and Adjustable Face Cushions
- ES95003 - Tilt headpiece w/Elevation and Adjustable Face Cushions
- ES95004 - Tilt headpiece w/Elevation, Forward Drop, Toggle Drop, and Adjustable Face Cushions
- EB89295 - Elevating Pelvic Section

EB9040
ErgoBasic Soft Foam
with optional ES95004
Headpiece

BenchMark Therapy Tables

The Benchmark Series of exam/therapy tables delivers uncompromising durability, versatile features and affordable prices to any office looking for an entry level solution

Single Section - E9139

Portable Tables

Built from quality materials to withstand rigorous conditions

Chiron Pro Stationary - I-ChironPro-PU 2 Drop Fixed Table Height 19"

Starting at \$822

Chiron Pro Stationary Features

- 1.5" Chiropractic Foam System
- Five Position Headpiece
- Thoracic and Lumbar Drops
- Hand Rests
- Paper Holder
- Carry Case
- Table Dimensions: 66" L x 21" W x 19" H
- Capacity: 400 lbs
- Table Weight: 43 lbs

The Chiron Pro Stationary offers a five position headpiece with Lumbar, and Thoracic Drops, carry case and a fixed height of 19". This table is tough enough to withstand the requirements of the most demanding use. *Imported

Chiron Pro Adjustable - CHID 2 Drop Adjustable Height Table

Starting at \$1,234

Chiron Pro Features

- 1.5" Chiropractic Foam System
- Five Position Headpiece
- Thoracic and Lumbar Drops
- Hand Rests
- Paper Holder
- Carry Case
- Table Dimensions: 66" L x 21" W
- Adjustable Legs 19.25" to 25.25" (with height adjustments every 2")
- Capacity: 400 lbs
- Table Weight: 43 lbs

We took the dependable Chiron Table one step further by adding smoothly operating lumbar and thoracic drops and standard hand rests. By truly addressing the need for a portable table that is uncomplicated and durable, yet advanced enough to accommodate a variety of adjustment techniques, the Chiron Pro has quickly become the table of choice for today's chiropractor on the go. MADE IN THE USA

Omni Sideline - OM-3007 800 lb Capacity - Portable Treatment Table

Starting at \$599

Omni Sideline Features

- Length: 73"
- Height Range: 25"-35"
- Width: 28", 30"
- 2" Firm foam system
- Removable field feet
- Dual headrest ports
- Inverted Truss™ system
- Capacity: 800 lbs
- Table Weight: 37 lbs

For the mobile trainer/Chiropractor, the Omni Sideline table is lightweight and tough. This portable treatment table features solid wood construction, 2 inch high-density foam top and a folding design to allow for easy storage, set-up & portability

"Apollo is by FAR the best designed, most efficient and easiest to use laser I have ever seen. It is durable, reliable and therapeutically superior. My patients love it, my practice and income have grown from it, and I can't imagine how I could practice without it. If you compare the features, design, trustworthiness, and VALUE of low level lasers available today, there is no better choice than the Apollo. "

— **Dr. Mark de Dubovay**
Director, Advanced Wellness Center
Long Beach, CA

apollo Laser Therapy

Introducing the Newest Line of Apollo Lasers

NEW
Handheld
2,000 mW LASER
- HH2000 -

Apollo 2,000 mW Cold Laser
Low Level Laser therapy just became more flexible. Experience the freedom of this incredible new device.

Starting at \$3,995

Small, lightweight unit fits in the palm of your hand. Simple on and off button, no programming necessary. The new HH2000 handheld device from Apollo uses low level laser technology to speed the recovery process. The HH2000 laser is a non-invasive, safe way to manage pain—without negative side effects. Includes: unit docking station (shown), carry case, 2 safety goggles, battery pack (shown), belt holster and everything you and your patient need for a successful treatment.

The Apollo laser efficiently harnesses advanced Class 4 laser technology. Using Apollo's perfect marriage of power and wavelength, you are assured fast, safe, comfortable treatments, exceptional clinical results and an impressive bottom line. And unlike hot Class 4 lasers, the Apollo is cool, safe, and effective.

3,000 mW (4x750mW)
4,000 mW (4x1000mW)
5,000 mW (4x1250mW)
Apollo uses premium medical grade Class 4 laser diodes that provide extra long life and reliability. The probes are made from aerospace grade aluminum which means cool durable performance.

500mW Point Probe Hand, Small Area Laser

The 500mW point probe was designed specifically to reach those difficult to reach areas or areas with less tissue to penetrate such as hands, feet, trigger points and auricular areas.

Optional fine tip shown.

Whole Body Vibration Therapy

Vertical Movement and Whole Body Vibration

V1000 shown

Whether you want to reduce weight, improve flexibility or even improve your golf swing, the new A3 Vibration will help you reach your goals. Vibration training is low impact and gentle, yet unbelievably effective. Anyone, regardless of their age or fitness levels, can now benefit from exercising without straining their joints or other tissues.

A simple touch of a button and the A3 Vibration unit turns into a pleasant vibrating platform. This then transfers the vibrations to muscles in the body causing them to react gently yet powerfully in a reflex action.

By standing on the unit you will notice how your body automatically adjusts to the vibrations. This mechanical stimulus produces a stretch reflex which (vibratory reflex), depending on the selected frequency, results in muscles gently contracting 20 to 60 times per second. Utilizing the body's innate reflexive response to disruptions in stability, Whole Body Vibration stimulates and enhances muscle strength and performance.

Different parts of the body are put in line with the vibrations. The user then assumes various exercise positions and varying intensities, ranging from squats, lunges and push-ups to abdominal crunches, tricep dips or bicep curls. Poses are typically held for just 30 seconds to 1 minute at a time, during that timeframe, multiple muscle groups are activated simultaneously to stretch, tone and strengthen the target tissues.

Welcome Clinical Consultant Christian Reichardt, DC

Christian H. Reichardt has been a practicing doctor of chiropractic since 1983. He was a disability evaluator for the State of California, but then turned his attention from work-related injuries to sports injuries due to his own involvement in sports. He became one of the first Certified Chiropractic Sports Physicians in the USA in 1986, as well as a Diplomat of the American Academy of Pain Management. His practice in Santa Monica, California draws a large clientele of Hollywood celebrities, as well as professional and amateur athletes. He has worked with a number of US Olympic Team members and Golf professionals.

27
Exercise
Postures

\$1,999

The **V1000** is an easy to use vibrating platform that is equipped with a user-friendly virtual coach console. Mainly for lower body training but can help upper body and core training. The training will improve muscle endurance, explosive strength and bone density while helping to avoid exercise injuries and muscle atrophy. It also can be used as an aid for warm up or cool down prior or after exercising.

V1000 Home & Small Clinic:

Features a small "footprint" to make it easy to fit in your space and programs that suit the majority of patients. Ideal for light duty clinical environments and home use.

- Medium-intensity Vibration Training
- 4 Training Programs : Total Body, Upper body, Lower body, Abdominal
- 1 Manual mode : user can adjust time & frequency
- Workout Display: Posture Exercise Program, Exercise Time, Frequency, Exercise Group
- Frequency: 20 Hz ~ 50 Hz
- Amplitude: 1.5 mm
- Force: 800 N
- Maximum Load: 308 lbs
- Dimension: L 36.7" x W 29.5" x H 56.1"

FMST Tools

Fluid Motion Soft Tissue Tools - (set of 2)

Starting at \$699

FMST Tools are the soft tissue mobilization tools that can take myo-fascial manipulation and mobilization to the next level in your practice. The design of the (2) tools available enables you, the practitioner, to work over all surfaces of the body quickly and easily. We have been able to reduce scar tissue problems from old injuries/surgeries and achieve greater results with pain control, joint and muscle flexibility that many thought was unattainable.

- 2 tool designs to treat all areas of the body.
- Unique metal injected plastic material for superior weight and durability over other tools.
- Custom molded non-slip thumb grip to create maximum angular pressure without over use by the practitioner.
- Soft but aggressive treatment edge to work fascial adhesions, post surgical scarring and muscle injuries.
- Ambidextrous Design: No more switching through multiple tools to find the right edge or angle. Both tools are designed to be used on both sides and on every surface for increased compatibility of treatment on multiple body areas.

Pressure Positive Body Tools

Self Care Deep Muscle & Injury Prevention Body Tools

The Original **Palmassager®**

One of the most efficient massage therapy aids available anywhere. Hold it firmly in the palm of the hand and use one, two or three of its round knobs to massage sore muscles.

~~\$9.95~~ **\$7.95**

The Original **Index Knobber II®**

A simple device designed to let you apply deep pressure to muscles within easy reach of your hand. The ideal instrument for clinic or home use allowing for firm, sustained pressure on targeted muscles.

(Wood option)

Providing Solutions For Five Markets

Chiropractic | Massage | Therapy | Medical | Athletics

PHSTherapeutics
by Pivotal Health Solutions

Manufacturing the premier Functional Rehabilitation table

Pivotal Health Solutions, a leading manufacturer of premium quality health and wellness equipment for over 20 years, proudly unveils their newest brand, "PHS Therapeutics". Pivotal Health Solutions has earned an excellent reputation in the markets they serve and believe this is why their products are used by so many of the world's most prestigious schools, professionals, teams and therapists. In addition to their dedication to quality, many of their customers value the unique features available only from Pivotal Health Solutions. *"We continue to strengthen our company through organic growth, acquisitions and strategic relationships. The addition of the PHS Therapeutics brand of leading line Therapy Products broadens our product offering and supports our initiative to more effectively support Therapy Professionals," said Jim Engels, CEO of Pivotal Health Solutions.*

PHS Therapeutics offers HyLo Electric Treatment Tables, high quality solid Oak Wood Treatment Tables, Work Assist Stations, Vibration Therapy, Inversion Therapy, Cold Laser Therapy by Apollo, the patent pending (LAST) Leg and Shoulder Therapy Table, Mat Tables, Mobile carts, Storage Cabinets, Medical Cabinets, Weight Carts, (FMST) Fluid Motion Soft Tissue Tools, along with a full line of Portable Treatment Tables.

Providing Best-In-Class Massage Tables for over 28 years

Custom Craftworks launched in 1986, carving out a niche for high-end, quality manufactured, customized massage tables that meet the ergonomic needs of therapists and the comfort requirements of clients.

Since then, the company has grown to become one of the largest manufacturers of massage tables, chairs, equipment and accessories in the United States. Acquired by Pivotal Health Solutions in 2009, today Custom Craftworks continues to build thoughtfully constructed, long-lasting products for students, therapists and educators in the massage, therapy and holistic health fields.

The company's accessories line also meets these high standards for quality and innovation. Custom Craftworks is known for developing a number of specialized accessories that are now staples in the field. Our product line includes the popular Sani-cover™ for face rests, to massage therapy self-care tools, and Omni™ cervical relief pillow. These are products that both clients can enjoy and massage therapists can utilize in their practice.

Warranty / Upholstery

Stock Vinyl Upholstery Colors UPHOLSTERY CARE AND CLEANING GUIDE

For light soiling, use a solution of 10% household liquid dish soap with warm water, applied with soft damp cloth. Rinse with clean water and dry. For heavy soiling, dampen a soft white cloth in a one to one (1:1) solution of Fantastik® and water OR Formula 409® and water. Rub gently and rinse with a water dampened cloth. For more difficult stains, dampen a soft white cloth with a solution of household bleach (10% bleach / 90% water). Rub gently and rinse with a water dampened cloth to remove bleach concentration. **DO NOT USE ALCOHOL BASED CLEANING AGENTS! IMPROPER CLEANING WILL VOID THE WARRANTY.** This information is not a guarantee and does not relieve the user from the responsibility of the proper and safe use of the product and all cleaning agents. The use of certain agents can be harmful to the surface appearance and lifespan of vinyl. Pivotal Health Solutions assumes no responsibility resulting from the use of such agents to the vinyl.

Warranty Overview [see website for complete warranty details](#)

Pivotal Health Solutions warrants to the original retail purchaser that it will repair or replace components of the domestic and international products manufactured by PHS (except for components not warranted under "Exclusions") that are defective in material or workmanship under normal use and service. Pivotal Health Solutions obligation under this warranty is limited to the repair or replacement, at Pivotal Health Solutions option, of the applicable components. This limited warranty shall only apply to defects that are reported to Pivotal Health Solutions within the applicable warranty period and which, upon examination by Pivotal Health Solutions, prove to be defective. This warranty extends only to the first retail purchaser of a product, and is not transferable or assignable.

PROUDLY KEEPING JOBS IN AMERICA

PHS Chiropractic, by Pivotal Health Solutions, was formed with the mission to be the leading manufacturer of quality built, ergonomically sound chiropractic adjusting tables. The growth of our trusted brand began with the launch of Eurotech Tables in 2005 and the acquisition of the Chattanooga ErgoStyle table line in 2008. Over the course of nine short years, Pivotal Health Solutions Chiropractic division has blossomed into one of the most comprehensive, quality built and ergonomically sound chiropractic adjusting table lines in the market today.

All PHS Chiropractic Tables are proudly engineered, custom made and built in America from US and globally sourced components.
