It Moves the Way Your Body Moves. Driven by our four-bar linkage system, cam design or a combination of both, this unique technology dynamically matches the body's potential increases and decreases in strength. Users get immediate, smooth resistance and proper muscle loading through the complete range of motion, leading to unprecedented results.

ABDOMINAL

The Nautilus Nitro® EVO Abdominal machine is the only true abdominal crunch machine

- Four-bar linkage provides a moving axis of rotation that simulates the body's moving axis of rotation, increasing user safety
- Combination of elbow and back pads with hand grips provide upper body stabilization, eliminating lower back muscles' static involvement
- Leg anchoring ankle pads provide lower body stabilization
- Controlled motion movement arms isolates abdominal sheath, eliminating hip flexor involvement
